**Friday 8<sup>th</sup> of November** training course at Doctor Smile's headquarters and gala dinner

**Saturday 9<sup>th</sup> of November** free time in Venice and departure

# 2024

## THE ACADEMY

**Master Class Academy** is a non profit higher education institute dedicated to offering top level knowledge in the medical field, especially in the use of **laser technology**. Thanks to its worldwide base of academic collaborations, Master Class Academy has a global approach to education that aims at bringing state of the art information to medical doctors in every country.

**Visit & Learn** is organized in collaboration with the **University of Genoa in Italy**. In 1999, Professor **Alberico Benedicenti**, pioneer researcher in this field established the first postgraduated course in Italy in the use of Laser photonic energy. Since then the Univeristy teaching staff has grown to respond to the needs of clinicians for adequated theoretical and clinical instruction, therefore creating the foundation of the first university "Laser Therapy Center" department, within the Faculty of Medicine.

## THE FACULTY

Prof. Stefano Benedicenti  
*Italy*

Dr Nunzio Tempesta  
*Italy*

Prof Francesco Maria Manconi  
*Italy*

Dr Riccardo Poli  
*Italy*

Dr Marisa Roncati  
*Italy*

Dr Gianluigi Caccianiga  
*Italy*

Dr Hoda El Hallal Rezkallah  
*Lebanon*

Dr Bilel Maraoui  
*Tunisia*

**Master Class Academy** headquarter is close to Italian cities that have an enormous historical, artistic and architectural value. They are in fact one of the top destinations in world cultural tourism. Rich in monuments, churches, castles and museums, Italian cities are open-air museums, the ideal destination to travel and learn.
